HENDERSON BILL IN FULL
As It Passed the House

Quite a number of people have called The Bonanza on the phone today regarding the assessment bill introduced by Senator Henderson, which passed the senate last Tuesday and was given a majority in the house yesterday. Senator Henderson's bill is as follows:

Senate File No. 4594.
In the senate of the United States, December 7, 1920, Mr. Henderson introduced the following bill, which was read twice and referred to the committee on mines and mining:

A BILL to amend Section 2324 of the revised statutes.
Be it enacted by the senate and house of representatives of the United States of America in congress assembled, That the provision of Section 2324 of the revised statutes of the United States as extended and made applicable to the territory of Alaska by the act entitled "An act providing a civil government for Alaska," approved May 17, 1884, and the act entitled "An act making further provision for a civil government for Alaska, and for other purposes," approved June 6, 1906, as amended, which provides that the period within which the work required to be done annually on all unpatented mineral claims shall commence on the 1st day of January succeeding the date of location of such claims, such provision being applicable on all claims located since the 10th day of May, 1872,

be, and the same hereby is, amended to provide that the period within which the work required to be done annually on all unpatented mineral claims located after the passage of this act shall commence on the 1st day of July succeeding the date of location of such claims, and that the period within which the work required to be done annually on all other unpatented mineral claims to which section 2324 of the revised statutes of the United States as extended to the territory of Alaska is applicable shall henceforth commence on the 1st day of July of each year. Provided, That the period for performing the work required by section 2324 of the revised statutes as extended to the territory of Alaska, and by this act beginning the 1st day of January, 1920, which, but for this act would expire the 31st day of December, 1920, is hereby extended to and including the 30th day of June, 1921.

District Attorney H. H. Atkinson received a telegram from Senator C. R. Henderson today stating that he expected President Wilson to sign the assessment bill passed yesterday by the house.

The bill when signed gives those holding claims until the 30th of next June to complete their annual work. It is not necessary under the new bill to file intention to hold claims upon which the work has not been done this year.

FIRE INSURANCE
COMPANIES MAY
QUIT BUSINESS

(By Associated Press)
NEW YORK, Dec. 21.—One hundred and thirty-eight fire insurance companies are suspending business in Mississippi, where aggregate covering policies approximate a billion and a quarter dollars.
The action is the outgrowth of a suit filed against them by the state revenue agent of Mississippi, charging that in collecting the same rates the companies have created a combine in restraint of trade.

Immigration Officials
Ready for Xmas Rush

(By Associated Press)
NEW YORK, Dec. 21.—Immigration officials at Ellis island are preparing for the greatest Christmas rush of immigrants in the history of this port. Special plans have been made to expedite the movement of between 20,000 and 30,000 newcomers during the few days preceding the holidays.

Thousands of immigrants timed their departure from Europe so that they might spend Christmas with relatives in this country, and the immigration authorities have speeded up the inspection machinery to make this possible.

Despite the extra efforts, officials say thousands will be disappointed. Christmas day is expected to find Ellis island overflowing with immigrants and several ships awaiting to unload their human freight. Recently immigrants have been arriving at the rate of more than 2000 daily and more than 20,000 have been in transit on the ocean at one time.

Welfare organizations have offered their co-operation to the island officials to bring a bit of holiday cheer to the newcomers who may be there Christmas day.

With the high tide of incoming Europeans, there has also been a large emigration from this port during the past month. The outgoing are mostly persons who were returning to Europe for a visit and to pass the holidays with the "old folks." A small proportion announced their intention of remaining abroad, using their savings in the upbuilding of business under new conditions.
